FOR THOSE IN THE MARKET FOR A EUROPEAN-STYLE PIEZO SCALER

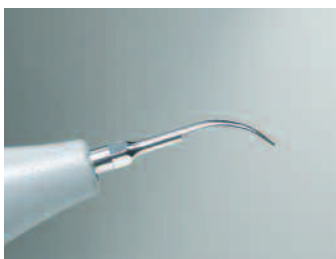

The basic unit consists of one **VETROSON® “Piezo” Ultrasonic Scaler** unit with removable handpiece, foot control panel, 6’ water line with male quick-connect coupler, 2’ water line with female quick-connect coupler, quick disconnect water hook-up and disposable in-line filter, one transformer with cable, plastic tip wrench, three VETROSON® Scaling Tips (Universal Straight Tip, Universal Curved Tip, and a Perio Straight Tip).

VETROSON® “PIEZO” ULTRASONIC SCALER

- **More exact control for perio work with an expanded low power feature**
- **Foot controlled power booster for increased power**
- **External water filter prevents clogging and dripping**
- **Five- year warranty on the unit, one- year on handpiece and hoses, one month on tips**

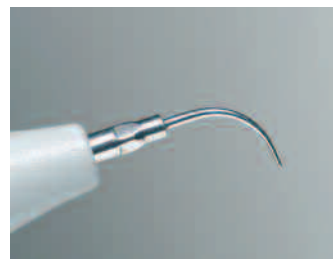

Nothing complicated about tip selection - four tips will handle the average practice requirements.

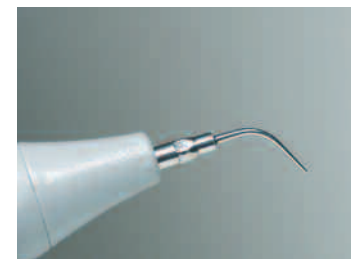

Universal Straight

Universal Arched

Perio

X-P10 Power Tip
